

DUBBING MIXER POSITION

Based in Glasgow city centre, Edit 123 is one of Scotland's longest established and highly regarded Post Production facilities. We have a wealth of knowledge in fields of Broadcast Television, Sport, Film, Commercials and Corporate. A few of our clients include BBC, STV, BT Sport, Sky, Sky Sports, Channel 4, Channel 5 and Discovery. With 20+ Offline edit suites, 4 Online suites, 2 Graphics suites and 4 Dub suites. Over the last 32 years the company has grown, the newest being our thriving Sound Dubbing department.

Key responsibilities and desired skills:

- Essential to have previous experience of mixing network broadcast award winning series in a fast paced environment, under time constraints and whilst meeting the demands of each client as an individual
- Understand the client needs and ensure their goals are achieved with a friendly, positive and sympathetic attitude
- Pro Tools 9 or above to an advanced level
- Record and mix VO for your own project and your colleagues projects
- Must be a pro-active problem solver who is highly organised and solution-focused
- Seeks challenges and delivers results
- Must display excellent communicational skills with Online Editors, Offline Editors, Graphics and most importantly the client
- Ability to work as part of a team and also learn on your own to keep up to date with emerging technologies, software and a willingness to work towards progressing the department
- Working knowledge of loudness standards and ability to adhere to technical requirements with precision
- Have a passion for sound and a good ear
- Have a good mix of an engineer and a creative brain
- Ability to self-schedule

Advantageous knowledge, skills and experience (but not essential):

- HND or above in a sound or media related course
- Familiarity with Edit 123's clients and previous projects
- Izotope RX Audio Editor
- Nugen LMCcorrect and VisLM
- Experience in working on Dramas or on location recording
- ADR
- Foley
- Background in music
- EdiCue and EdiPrompt
- Knowledge of Media Composer and Video Satellite
- Source Connect Pro
- 5.1 Mixing
